

MECA 6-Hour Class Hot Work class and OSHA Silica

September 22, 2018

MECA Office, 105 Eastern Ave. Dedham MA
8am -2pm

Value: Member \$89

Non-Member \$119

Instructor: Bob DeSario, Gould Construction Institute

Hot Work:

- Identify what Hot Work activities are.
- Describe what is required to be "qualified" to perform Hot Work activities in the Commonwealth of Massachusetts.
- Provide essential safety information for people who undertake Hot Work.
- Provide information to personnel who are responsible for overseeing Hot Work and/or are issuing Hot Work permits.

Silica:

- Explain what Crystalline Silica is.
- Recognize the different types of exposure to Silica dust in construction.
- Describe the health hazards associated with exposure to Silica dust.
- List the ways to protect yourself from exposure to Silica.

The Hot Work class consists of an exam. You will have results within 5 days. Certificates will be mailed out to all passing grades.

MECA reserves the right to cancel a seminar if needed.
